RESEARH LAB AND RESEARCH FACILITIES IN THE COLLEGES OF DIFFERENT DEPARTEMENTS

Sahyadri Science College has well equipped research centers with research equipments and facility. The college set up a central research facility aimed towards faculty member and post graduate students of the PG departments but also young and active researchers belonging to other science departments like biotechnology, biochemistry, botany, chemistry, physics, microbiology, mathematics and zoology. The college having very well-maintained **Botanical Garden** with important medicinal plants. Faculty members without independent research projects can do research with available resources and provide their knowledge and research skills to the students for betterment of their future endeavors. Students and teachers can write the research papers and by utilizing the common academic platform, infra structure and internet facilities offered by the center.
