ANNUAL REPORT 2022-2023

In order to carry a positive action one must develop a positive vision, with one such vision Sahyadri College shared its campus to the new program called The Pathways.

Pathways is the program originally sponsored by Ford foundation of US in the year 2002-2003 as a part of global project. In India, it was initiated through Foundation for Academic Excellence and Access (FAEA).

The main goal of Pathways is to provide a global outlook with regional focus, commitment to equality and social justice, and to develop the holistic view to students from the marginalized sections of society. The financial support from Ford stopped in the year 2009. But realizing benefits of programme Kuvempu University took decisions to continue the activity with its own budgetary provision. In order to provide life skills and empower the students to become self dependent role models of the country.

Dr.B.C.Patil was the **founder** director of Pathways and consequently consecutive appointment of directors got a fresh breathes to the program.

Selection of students to the Pathways is done on basis of class 12th marks and performance in entrance test conducted at the first year of the degree level. Fourty five students are selected every year from arts, commerce, and science streams and trained continuously for 3 year till they complete their degrees. The training goes along side the regular course. This includes Afternoon daily club activities, Saturdays Expert's session, Ten days winter and summer workshops, IAS/KAS and Competitive Exams Workshop, Field Visits, Mini-workshops, Celebration of National Days,.. Etc.

The primary aim to understand the interconnections exist between professionalism and knowledge systems. In order to achieve these objectives, various theme-based talks by experts, academics and professional experts and students' projects and programs are conducted during the workshops. Moreover, the core focus of this workshops are intended to trigger multiple aptitudes among students towards multidisciplinary approaches.

Each student is provided an opportunity to demonstrate her/his talent in numerous ways at one hand. On the other hand, student participants are expected to inculcate qualities like; focus, leadership, and action to implement the objectives of pathways in general and the workshop in particular. However, the volunteers of pathways are from different streams of bachelor degrees (i.e. B.A, BSc and B.com) of Sahyadri Science, Arts and Commerce colleges. This particular composition of students always possess challenges in conducting programs on a single theme or topic. Therefore we in pathways conduct activities related to various disciplines to accomplish the aspirations of our students.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students. The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which is also equally important in the shaping of the personality of the children. Pathways is doing its best to fill this void by utilizing the winter and summer vacations for workshops. The gain is invaluable in terms of exposure, enlightenment and experience.

Possesses challenges in conducting programs on a single theme or topic. Therefore we in pathways conduct activities related to various disciplines to accomplish the aspirations of our students.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students.

The unit also arranges campus interviews to help job aspirants. The alumni of Pathways are serving in different fields and occupied some coveted positions.

The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which is also equally important in the shaping of the personality of the children. Pathways is doing its best by transforming young minds of the campus in plugging to the future.

The gain is invaluable in terms of exposure, enlightenment and experience....

Objectives of the Training and Placement Cell

1. To train the students to meet global competition.
2. To organise both Professional Skill and Life Skill Development programmes
3. To establish networking with various employment agencies.
4. To undertake socio-economic innovative projects.
5. To undertake consultancy services on no profit no loss basis.
6. The cell shall also generate its own resources for maintenance.
7. To take up such other programmes to bridge the gap between Academic Skills and Professional Skills

Activities in Pathways

- **Regular Activities**-Week days and Saturdays.
- **Vacation Workshop**-10 days' workshop during winter and summer
Vacation.

➤ **Special Activities**-National Festivals Celebration.

-Special Workshops.

➤ **Foundation Course**-For UPSC and other competitive exams.

Daily Club Activities:

Monday	Aptitude and Reasoning
Tuesday	Science and Technology
Wednesday	Language, Book review and Information Technology Skill
Thursday	Current affairs and GK
Friday	History, Polity, Economics and Geography

Saturday Activities: Session by Resource Persons

- HR Activities
- Computer Activities
- Communication Skill
- Right to Information Act
- Social Responsibilities
- Presentation Skills
- Preparing for Competitive Exams
- Group Discussion
- Film Appreciation
- Team Building
- Personality Styles
- Self- Assertiveness
- Self and Conflict Management
- Social Etiquette
- Book Presentation
- Leadership and Management Skills

National Festival Celebration:

- Independence Day
- Gandhi Jayanthi
- Republic day

10 days' Workshop during winter and summer vacation

- Session by Resource Persons
- Students Presentation: Two Book Review

Two Film Appreciations

Two Documentaries

Two Power Point Presentations

HR Skills through Activities

- Field Visit
- Alumni Meet

Additional for
Summer Workshop

Special Workshops or Courses

- Content Writing
- Film Studies

Other necessary Training Programmes

Orientation Program

Date: 04.11.2022 to 09.11.2023

“Success is a journey but not a destination”, it is found along the way not at the end of the way.”The orientation program was a transformative experience for first-year students, emphasizing that success is a journey rather than a destination. Pathways volunteers, through a narrative about Confucius, imparted the importance of knowledge sharing and self-discovery. Activities like looking into a mirror encouraged students to recognize their value. The history of Pathways was detailed, with the emblem's five stars representing moral values. Objectives, facilities, daily activities, and past social research projects were uniquely presented. Introducing achievers and sharing personal transformation stories heightened motivation. The impactful six-day program was evident in the inspired smiles and twinkling eyes of the students, reflecting newfound confidence.

Entrance Examination

Date: 12.11.2022

"Every great achievement starts with the decision to try, and the confidence to act."

Pathways Training and Placement Cell conducted entrance exam for first year students. The Entrance Exam was conducted from 2:30 to 3:30 PM in the DJB building. The students solved the fifty marks question paper. The exam was conducted to more than 200 candidates from all the three streams.

Overall the exam was immaculate and ornamented under the guidance of Prof. C K Ramesh and conducted by the volunteers of Pathways.

She exclusively focused on the common threat running among the people where they fail to acknowledge the hidden skills in them. Most of which includes our ability to tackle simple problems in our day to day life. The session was continued by Mr. Govind Yashas where he defined perception as our recognition and interpretation of sensory information. The next part of the session was on interpersonal relationships. The session was facilitated by Mr. Bukkasagarada Honnappa, he mentioned the importance of interacting skill and and explained the importance of family.Mr. Shashank C K engaged the next part under the name PEG in which he expounded the daily life Protocol, Etiquettes and Good Manners that are usually not given much importance in daily routine.The name of the session 'Saakshi' was finally expalined and defined by Mr. Manjanayak D. He also interacted with the volunteers and solved their quires.

Analysis of the stories

Facilitator: **Dr. Lava**

Date: 07.01.2023

Lecturer

Dept. of Kannada,

Sahyadri Arts College.

The facilitator enthusiastically explained the birth of stories and also explained the better way to construct a attractive story. By Starting with the analysis of a folk song 'Dharani Mandala Madhyadolage', he arrived to a most relavent topic 'creation of stories on the basis of daily incidents'. He expounded the reason why talents are not much valid in our country compared to foreign countries. At last he solved doubts of the volunteers regarding the topic.

"Principles of Applied Theatre Science and Intra-Active Stage Elements."

Facilitator: **Mr. N. Srinivas**

Date: 07.01.2023

Director of CATS

St. Aloysius College

Sahyadri Arts College.

A special lecture program titled Mr. N. Srinivas (Papu), the Director of the Center for Applied Theatre Sciences (CATS) at St. Aloysius College, Mysuru, and Chitradurga, graced the event as the chief guest. Distinguished experts in the field of theatrical arts, they enlightened students on the nuances of becoming a skilled performer through various activities. Before stepping onto the theatrical stage, they emphasized the need for an individual to learn and master several physical acting techniques. Providing insights into how we can utilize our five senses and how we currently use them, they engaged students through various activities to make the concepts vivid in their minds.

"A Journey towards Awareness"

Facilitator: **Dr. Gayatri Devi Sajjan**
English Professor and Former Principal,
Sahyadri Science College,

Date: 07.01.2023

Being a traveller and a yoga expert, Dr. Gayatri Devi Sajjan acquainted about the inward journey and outward journey. She suggested the volunteers to be a travel enthusiast and look at the beauty of nature and relish it instead of attaching to phone. The Expert created awareness of travel by sharing her own experiences of her journey. She explained how to enjoy the place, nature, and how to explore the new things and she also shared some of the historical importance of major places. She concluded her words with saying Journey starts with nothing and ends with something. She enriched the zeal on the journey.

"Nirmala Tunga Abhiyana"

Date: 08.01.2023, 15.01.2023, 20.01.2023 and 21.01.2023

"Be a part of the solution not part of the pollution"

On 08th Jan 2023, Pathways Training and Placement Cell joined hands with "Nirmala Tunga Abhiyana", a massive cleanliness drive of Tunga river basin taken up to create awareness among the people.

Prof. C K Ramesh and Team Paropakaram and others from various NGOs of Shimoga motivated students and need of the drive. In the beginning the cleaning started from the back yard of Rameshwar temple and extended through the roads parallel to river Tunga up to Hosahalli Village, Shimoga. The litter collected in the bags were sent to disposal establishment. This programme created awareness among the volunteers and near by people regarding the necessity of Cleanliness of river basin and its benefits. The programme was very useful to the volunteers in instilling Environmental awareness by collaborating with NGOs.

"The more time you spend with nature, the deeper your understanding of life will be."

On 15th January 2023, Pathways Training and Placement Cell joined hands with 'Nirmala Tunga Abhiyan' a community outreach activity conducted to create awareness among the people.

The volunteers campaigned the streets around Tunga River and created awareness among the public. They urged the residents over there not to throw wastes into river. Environmentalists like Prof. L K Shreepathi, Prof. A S Chandrashekar, Mr. Kumaraswamy, Mr. Vinay and many more were present to guide the students. The entire program turned out successful under the guidance of Prof. Ramesh C K, Director, Pathways Training and Placement Cell. The volunteers participated with unmatched enthusiasm.

"Walking in a new different way is thousand times better than walking behind someone blindly".

On 20 and 21st January 2023, Pathways Training and Placement Cell joined hands with Paryavarana Trust in a community outreach project 'Nirmala Tunga Abhiyana' a public awareness programme under 'Rashtriya swabhimana andolan'. Under the guidance of eminent personalities like Prof. B M Kumaraswamy, Anna Vinayachandra, Prof. L K Shreepathi, Prof. A S Chandrashekar, and many others the volunteers and students from different colleges of Shimoga walked from gajanur to kudli for two days.

First day of the hiking started at Gajanur Dam with a traditional pooja to river Tunga. The students and the leaders walked through Gajnur village, Hosalli, harkere, Kote Anjaneya temple and ended the first day of the awareness drive successfully at Bekin kalmata.

The agile volunteers created awareness among the public about the pollution in river tunga and also its adverse effects. By arranging small meetings in located villages they urged the residents not to throw plastics and wastes into the rivers.

The first day of 'Nirmal Tunga Abhiyan ended successfully with the cooperation of all the volunteers, students and eminent leaders. The second day of Nirmala Tunga Abhiyan started from bekkina kalmata and passed

through pillangiri reached kudli. All participants actively participated on second day. The valedictory ceremony of the abhiyan was held at kudli.

Shri Anna Vinayachandra, V Hayavadana Upadyaya, AGM, Karnataka Bank, Shivamogga and other dignitaries enunciated the basic need for cleaning water and asked the public over there to respect river tunga as their mother and keep her safe. Overall the two days community outreach program turned out successful.

Volunteers from Pathways participated under the Guidance of Prof. Ramesh C K, Director, Pathways Training and Placement Cell helped to inculcate Environmental awareness.

She advised the volunteers to follow those principles so that it helps to overcome any obstacles.

Field Visit

Date: 05.10.2023

On 5th October 2023, Pathways Training and Placement Cell organized a field tour to explore significant places in Karnataka.

The tour commenced with a visit to Humcha Padmavathi Temple, a renowned shrine in Karnataka. Here, a resident saint shared the temple's historical importance and provided insights into Jainism with the volunteers.

Next, the journey proceeded to Umamaheshwara Temple in Hosagunda. During this visit, Volunteers got an opportunity to explore the "devara kadu" forest, which allowed them to discover medicinal trees and appreciate the nature beauty.

The journey continued to the Ikkeri Aghoreshwara Temple, which is notable for its Dravidian architectural style and remarkable stone carvings. These carvings depicted them a range of mythological stories, deities and intricate patterns. And also highlighted the cultural and architectural heritage of Karnataka.

Further arrived to Sri Nilakanteshwara Natya Seva Sangha in short Heggodu Ninasam, a renowned cultural organization in Heggodu. It is

known for its contributions to the promotion of literature, theater and various art forms. During the visit to Ninasam, volunteers explored its architecture and witnessed the library, this impressed the volunteers with its vast array of books.

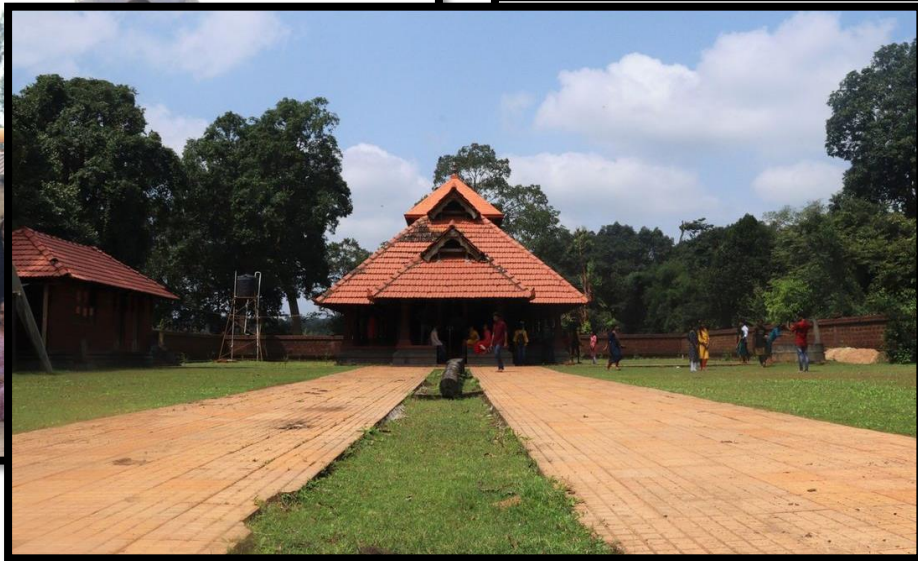

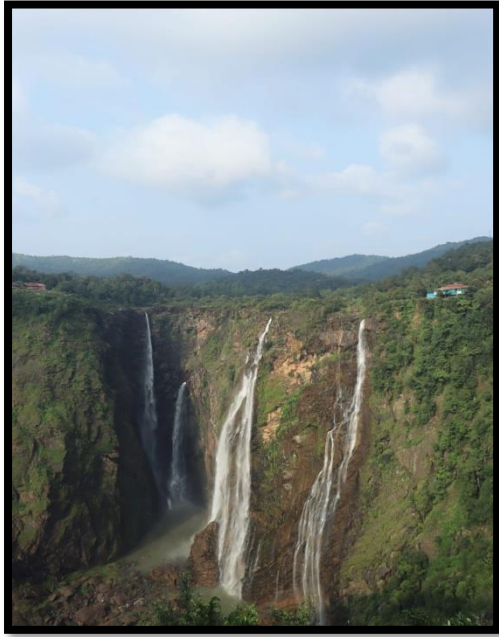

And also they got a chance to witness a glimpses of classic drama rehearsal which shed light on the dedication and talent of the Ninasam artists.

Subsequently, visited to Varadahalli ashrama a divine place of Shridhra swamiji mata on the top of the hill. The journey between the ravishing woods and the eligant scenery gave a state of serenity to the volunteers. They savoured the prasadam in final destination was Jog Falls, where volunteers witnessed the awe-inspiring power and beauty of the waterfall. This experience served as a poignant reminder of the importance of preserving our natural environment. Additionally, they got a knowledge about the significant role of it's place in hydroelectric power generation.

Astly witnessed the heavenly goddess Amma Marikamba of Sagara city. This gave a blissful end to the field tour.

Overall this field tour left a lasting impression on the volunteers by enriching their cultural, historical, architectural, spiritual and environmental aspects while exploring some of the significant and beautiful locations in Karnataka. The field tour was coordinated and escorted by Mr. Mahantesh, Phd. Scholar and Sheela J, Office assistance Pathways Training and Placement Cell.

This visit was held under the guidance of Prof. C K Ramesh, Director, Pathways Training and Placement Cell.
