Report on General Medical and Health Awareness Camp organized by NSS Units on 25-02-2020

Subbaiah Medical College and Hospital, Shivamogga, along with NSS units of Sahyadri Science College, Shivamogga, organized a complete health checkup camp at village **Chinnamane** on **February 25, 2020**, as a Corporate Social Responsibility activity.

No cause is bigger than helping humanity and it was personified well by our students at the camp. The students not only checked up the villagers, they also spread awareness about various health and hygiene issues among them.

The main focus of the camp was to find cases of hypertension, diabetes mellitus and eye diseases. The changing weather and moisture often spikes eye infections and related disorders. The camp intended to address these issues too.

Team of specialists from Subbaiah Medical College and Hospital, Shivamogga,, was invited for General Medicine, ENT, Ortho, Dental, OBG, PPETRC and Ophthal checkup. The camp got a tremendous response from the villagers. The villagers participated in the camp wholeheartedly with close to 189 patients were examined, and medicines were also provided to them.

Such activities are a regular at the College as being actively involved with people is a prerequisite for a health care professional and the camp gave immense exposure to all our students who were an integral part of the camp.

Date	07/03/2020
Facilitator	Mr.Shashidar A K Librarian Govt.first grade college Ajjampura.
TOPIC	Web designing
OBJECTIVES	To learn web designing

Report

On 7th of March 2020, the session on web designing was facilitated by Mr. Shashidhar A K, librarian, Govt. First Grade College, Ajjampura, where he talked about the advanced web designing which involves creating visually stunning and highly interactive websites that push the boundaries of design and user experience. It incorporates cutting-edge technologies like CSS animations, parallax scrolling, and responsive design to create immersive and engaging online experiences. By leveraging advanced design principles, typography, and color schemes, web designers can craft unique and memorable websites that leave a lasting impression on users. The result is a seamless blend of aesthetics and functionality, enhancing user engagement and driving the success of the website
