## About Pathways

In order to carry a positive action one must develop a positive vision, with one such vision Sahyadri College shared its campus to the new program called The Pathways. Pathways is the program originally sponsored by Ford foundation of US in the year 2002-2003 as a part of global project. In India, it was initiated through Foundation for Academic Excellence and Access (FAEA).

The main goal of Pathways is to provide a global outlook with regional focus, commitment to equality and social justice, and to develop the holistic view to students from the marginalized sections of society. The financial support from Ford stopped in the year 2009. But realizing benefits of program, Kuvempu University took decisions to continue the activity with its own budgetary provision. In order to provide life skills and empower the students to become self dependent role models of the country.

Selection of students to the Pathways is done on basis of class 12<sup>th</sup> marks and performance in entrance test conducted at the first year of the degree level. Forty five students are selected every year from arts, commerce, and science streams and trained continuously for 3 year till they complete their degrees. The training goes along side the regular course. This includes Afternoon daily club activities, Saturdays Expert's session, Ten days winter and summer workshops, IAS/KAS and Competitive Exams Workshop, Field Visits, Mini-workshops, Celebration of National Days,.. Etc.

The primary aim to understand the interconnections exist between professionalism and knowledge systems. In order to achieve these objectives, various theme-based talks by experts, academics and professional experts and students' projects and programs are conducted during the workshops. Moreover, the core focus of this workshops are intended to trigger multiple aptitudes among students towards multidisciplinary approaches.

Each student is provided an opportunity to demonstrate her/his talent in numerous ways at one hand. On the other hand, student participants are expected to inculcate qualities like; focus, leadership, and action to implement the objectives of pathways in general and the workshop in particular. However, the volunteers of pathways are from different streams of bachelor degrees (i.e. B.A, BSc and B.com) of Sahyadri Science, Arts and Commerce colleges. This particular composition of students always possess challenges in conducting programs on a single theme or topic. Therefore we in pathways conduct activities related to various disciplines to accomplish the aspirations of our students.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students. The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which

  
**PRINCIPAL**  
SAHYADRI SCIENCE COLLEGE

(Constituent College of Kuvempu University)  
SHIMOGA, Karnataka State.

is also equally important in the shaping of the personality of the children. Pathways is doing its best to fill this void by utilizing the winter and summer vacations for workshops. The gain is invaluable in terms of exposure, enlightenment and experience.

### Objectives

1. To train the students to meet global competition.
2. To organize both Professional Skill and Life Skill Development programmes
3. To establish networking with various employment agencies.
4. To undertake socio-economic innovative projects.
5. To take up such other programs to bridge the gap between Academic Skills and Professional Skills

### Activities in Pathways

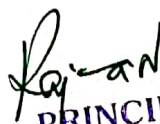

- **Regular Activities**-Week days and Saturdays.
- **Vacation Workshop**-10 days workshop during winter and summer vacation.
- **Special Activities**-National Festivals Celebration.  
-Special Workshops.
- **Foundation Course**-For UPSC and other competitive exams.

### Club Activities:

Monday	Aptitude and Reasoning
Tuesday	Science and Technology
Wednesday	Language and Book review
Thursday	Current affairs and GK
Friday	History , Polity and Geography

### Saturday Activities: Session by Resource Persons

- HR Activities
- Computer Activities
- Communication Skill
- Right to Information Act
- Social Responsibilities

**Program: 'FELICITATION AND PREMIERE LAUNCH OF DOCUMENTARY HASIRANATHE'**

We greeted newly appointed Principal Dr. HM Vagdevi, Principal of Sahyadri Science College and Chief Functionary of Pathways with the release of documentary on the festivals and delicious food of malnad region.

We also welcomed Dr. MK Veena, newly appointed Principal of Sahyadri commerce and Management College.

Dr. CK Ramesh, Director Pathways training and placement cell.

Prof.Dhananjay KB, Principal Sahyadri arts college, Shivamogga.

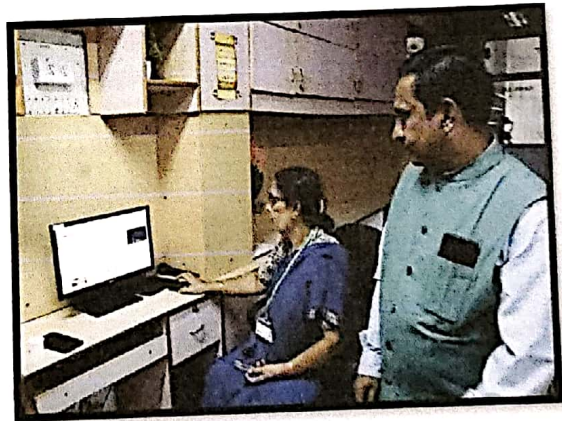

Dr.MetiMallikarjun, Department of linguistics were present

Later, we were shown a documentary called 'HASIRANATHE' which was made by pathways volunteers led by a team of Ms.Sinchana KV and Ms.Varsha CS. which explains the festivals, food and scientific reason behind the traditions in Malnad Region.

This documentary was well presented in bringing awareness among the people to cherish our culture and heritage.

The Documentary conveyed the message that culture is a way of coping with the world by defining it in detail.

Finally the documentary was launched in the YouTube Channel of Pathways by Chief Functionary of Pathways.

**Greeting newly appointed Principal Dr. H M Vagdevi, Principal of Sahyadri Science College by launching the documentary 'HASIRANATHE'**

**Date: 16.01.2021**

**Program: Session on Carrier Planning and Air Travelling.**

The session was expedited by Nithin K S, Assistant manager, Operations strategies, Swiggy, Bangalore.

He knowledgeed us about Organisational Setup and its work with micro and Macro Evonomic plans. He told about how to prepare for an interview that is not related of ones field of specialization. He emphasised on to keep an open mind to learn, as company likes a quick learner. Finally, it was a useful session on career building.

Travelling by plane is a hassle. There is always something that will bug us. After all, being in a flight is a special situation, Where we can exploit everything into our advantage. In this Context the second session was engaged by Our Director, Dr.Ramesh C K who enlightened us with travel tips to "Fly Like a Pro". It was indeed a virtual tour

**Program: Induction Program.**

Pathways organised an "Induction Program" for the first year Pathways Volunteers.

Dr. Ramesh C.K, Director, Pathways Training and Placement Cell, welcomed the gathering. He assured that the students will be upraised with all the Pathways activities. Ethos and culture will be continued and will be provided intellectual tool kit.

Pathways volunteers shared their experience and focused on collective work, leadership qualities, and team spirit.

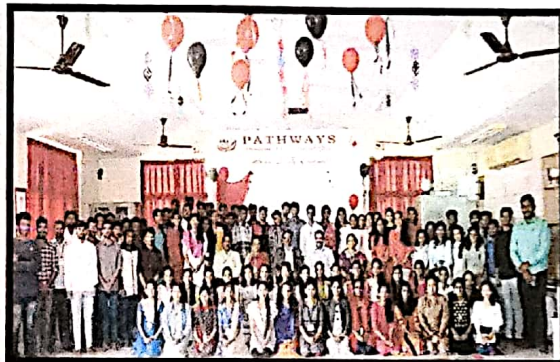

Dr. S.S.Patil, Registrar, Kuvempu University, Shankarghatta.

He told us to increase our potentiality, skills and talents. He told not to be self-centred and have to serve for society and country. He encouraged us to get educated and to be productive and also spoke about lateral thinking.

Dr. H.M. Vagdevi, Principal, Sahyadri Science College, gave the presidential address.

Dr.Dhananjaya K. B, Principal, Sahyadri Arts College.

Dr.Veena M.K, Principal, Sahyadri Commerce and Management College were present.

**Program: Felicitation to Smt. KiranaRavindra Desai and  
Session on English Communication - by Prof. P.Kannan,**

We welcomed Smt. KiranaRavindra Desai, Syndicate member and member of Advisory committee for Pathways. She made an interaction with Pathways volunteers about cultural aspects. She talked about rich heritage and culture of India. She addressed about music, sports, drama, dance and many cultures. She advised us to read books and newspaper daily and suggested us to be good a listener. It was good to have her in Pathways.

Then the session was continued by Prof.P.Kannan, Registrar of Evaluation, Kuvempu University, Shankaraghatta. He vehemently said that our condition in international level is pathetic. His intention was not to make us competent globally but to motive us in process of participant. He explained our insufficient conditions to communicate globally. He told us how a small tribal community language became a Global Language. He explained how strong and quick expansion of British made English a Global Language. He gave statistics about how various countries where English is not a mother tongue but adopted the process of learning English and use that as medium of communication. It's necessary to learn that form of English that is intelligible and we need to acquire that kind of language that is necessary for global communication. He mentioned articles of MalayalaManorama and Times of India that reported about the standard of Indian English. He also told about our problems and mistakes that we make in our pronunciation. He gave solutions for how to overcome the problems of communication. We need to develop communicative ability and learn from native English people and consciously make efforts to read daily and increase word power by reading books regularly. And then he interacted with Pathways students and totally it was an informative session.

**Program: Session on 'General awareness for people' and 'campus interview'**

The session was engaged by SudarshanThayimane, Founder, ThayiMane Orphanage, Shimoga. The presenter who himself is a source of motivation to students gave encouraging examples from his own life and inspired students to be a self-motivator. He discussed the importance of positive thinking and attitude which brings optimism into life and such constructive changes can make one brighter and more successful. This session helped students to be guided by a positive mind and driven by self-motivation. He shared few information about his own orphanage where they educate children along with skills. His discourse helped students to build positive self-esteem and discover their true potential. Our director, Dr.C K Ramesh donated rupees 2000 as a contribution from Pathways Training and Placement cell to his orphanage.

The next part of the session was engaged by YogeshNaik G R , Associate Professor of Computer science, Kuvempu university. He shared information about campus interview and the skills one need to achieve and the smartness one need to possess. He engaged us in an activity where it was necessary that one should observe everything keenly. He also warned us about cyber hacking and told no cyber security can ensure the safety of data. Totally it was an informative and worthfull session. He gave books as present for students who participated actively in the activity and he also contributed books of skill development for Pathways library.

**Program: A visit to "Tayimane", an Orphanage**

Pathways Training and Placement Cell organised a one day field visit to an orphanage nearby on 28 February 2021.

Our Director, Dr.C K Ramesh informed the students of Pathways a day before to pay a visit to the orphanage and he wanted the students to spend their precious time with the children in the orphanage.

We were lucky to get an opportunity to visit an orphanage named "Tayimane", Alkola, Shivamogga. There were around 20 children with a care taker under the guidance of 'Mr.SudharshanTayimane' and it was a two storey building with beautifully painted walls. Children were playing in the common hall. The moment you enter the orphanage, you tend to feel both happy and sad at the same time when you see children playing, fighting with each other, crying, laughing, cribbing about certain things, dancing, and so on. It had a alluring library in it. When we entered, most of the children started staring at us. We segregated ourselves and went to talk individually to everyone. They shared their daily routines with us. Many of us started playing indoor games with the children. We felt solace after interacting with them. Everyone were so active and happy there. Many children sang with us, few of them even danced and some of them showed their practiced Yoga postures. We had brought chocolates, fruits and bisicut with us and distributed to them. This visit widened our horizons and we obtained a new life experience. After visiting the orphanage you start appreciating the little things in life when you see people who don't have them. Only at such times you tide over the insignificant and immaterial things and appreciate the bigger picture.

**Program: Field Visit to Pilikula**

Pathways Training and Placement Cell organized a Educational Field visit to PilikulaNisargadhama, Mangalore.

There's something for everyone at ShivaramkaranthaPilikulaNisargadhama on the outskirts of Mangaluru, a perfect get-away set amid greenery, with animals next door, it is also a discovery of science, rural arts and heritage. PilikulaNisargadhama is a major Eco education project promoted by District Administration of Dakshina Kannada.

We visited Heritage and artisan village, Biological Park, Water Park, Science Centre and Gallery, Planetarium and Zoo for educational purpose. It had many attractions of cultural, educational and scientific interest.

For those who revel in earthy pleasures, the rural Tulu Nadu in the artisan village has many live demonstrations, pottery, blacksmithery, Handloom weaving, oil extraction using bullocks, beaten rice made the tradition way. This was mainly developed to project and bring awareness among the people about the cultural practices of Dakshina Kannada.

A significant Biological Park has major focus on the wildlife species of Western Ghats. Science centre and Swami Vivekananda Planetarium in Pilikula is the 1st 3D Planetarium in India which gave an insight to science and technology. It provided us more advantage to explore and understand new environment, and also gave a chance to create an enriching life experience.

**Program: Women's day.**

Dr.Veena.M.K. Principal, Sahyadri Commerce and Management College, Shivamogga. Shared her view on International Women's Day. She expressed that being a women to lead a life in this society is very challenging. Every men is interconnected with women one or other way. For many people the role of women is limited to household chores only. However this need to change as women deserve equal opportunities on everything like men. The world is moving towards gender equality although the idea of "Feminism" is not against men but it against the domination of men over women. Now a days womens are became an allrounders they participate from house maintenance to nation handling. womens were participate all type soci-political works they were updated but still some inhumane activites and exploitations were happening. "ಒಂದೆಡೆ ಶಕ್ತಿಯಾಗಿ ಪೂಜಿಸುವ ಸ್ತ್ರೀ ಇನ್ನೊಂದೆಡೆ ವಸ್ತುವಾಗಿ ಬಳಸಲ್ಪಡುತ್ತಾಳೆ." But most important thing is will power to achieve something when compare to other countries in India more womens are participating political activites in India. If it continues some changes should be expect from society. Women's are back bone of this society we have to respect, protect, and encourage her.

Finally we felicitated Smt.Rukminamma, Gardener of Sahyadri college campus for her ecological work and Our Director Dr.C K Ramesh Donated 500 Rupees as a token of respect to her ecological work.

**Program: One day Workshop on banking exams.**

The session was engaged by Mr. Shivaraj, Director, Achivers' Academy, Shivamogga on the topic of General Awareness. He mainly focused on employment opportunities through competitive exams after graduation. He suggested us to choose safe and secure jobs like Government Sectors and advised us to maintain speed and accuracy while preparing for various competitive exams. He guided us to be aware of job notifications released frequently.

The next session was facilitated by Mr. Mohan Dilshan, Probationary Officer, Bank of Baroda, on the topic of Quantitative Aptitude for banking exams. He gave the exam patterns of various Banking exams and knowledgeed us about them briefly. He engaged the Pathways volunteers to solve the aptitude problems and gave the shortcut tricks to solve them and those tricks enhanced the skills to save the time and handle the stressful situations in exams. He knowledgeed us about the importance of time and student life and make use of it.

The mini workshop of banking exams with Achivers' Academy was knowledgeable and productive with practical implementation.

**Program: Ambedkar Odu**

On March 18, 2021, Department of Kannada and Culture, Shivamogga organized an essay competition titled "Ambedkar odu" in collaboration with Sahyadri Science, Arts, Commerce, and Management colleges, to promote the essence of Ambedkar's philosophy among students.

During the inauguration, Mr. Umesh H, the Deputy Director of Kannada and Culture Department, explained why Ambedkar's ideas are significant, emphasizing that he was not just an individual but a symbol of equality and a leader transcending caste barriers. Dr. Prakash B.N, who attended the event as a special guest, expressed concern about the recent controversies surrounding Ambedkar's ideas among the youth and encouraged them in understanding and interpreting his thoughts.

Dr. M.K. Veena, Principal, Sahyadri Commerce and Management College, shared the importance of the competition, urging students to grasp the opportunity to learn About Ambedkar's significance beyond mere competition. Dr. H.M. Vagdevi, Principal, Sahyadri Science College and the event's presiding officer, motivated the students to participate actively in the essay competition.

The essay competition witnessed enthusiastic students eager to express their thoughts about Ambedkar, bringing a sense of joy and excitement to the event.

## About Pathways.....

The main goal of Pathways is to provide a global outlook with regional focus, commitment to equality and social justice, and to develop the holistic view to students from the marginalized sections of society. The financial support from Ford stopped in the year 2009. But realizing benefits of programme, Kuvempu University took decisions to continue the activity with its own budgetary provision. In order to provide life skills and empower the students to become self-dependent role models of the country.

Selection of students to the Pathways is done on basis of class 12<sup>th</sup> marks and performance in entrance test conducted at the first year of the degree level. Forty five students are selected every year from arts, commerce, and science streams and trained continuously for 3 year till they complete their degrees. The training goes alongside the regular course. This includes Afternoon daily club activities, Saturdays Expert's session, Ten days winter and summer workshops, IAS/KAS and Competitive Exams Workshop, Field Visits, Mini-workshops, Celebration of National Days,.. etc.

The primary aim to understand the interconnections exist between professionalism and knowledge systems. In order to achieve these objectives, various theme-based talks by experts, academics and professional experts and students' projects and programs are conducted during the workshops. Moreover, the core focus of this workshops are intended to trigger multiple aptitudes among students towards multidisciplinary approaches. Further, student assignments, field visits and community outreach activities, documentary making are conducted during these workshops to instil a sense of social commitment and social responsibility in them.

Each student is provided an opportunity to demonstrate her/his talent in numerous ways at one hand. On the other hand, student participants are expected to inculcate qualities like; focus, leadership, and action to implement the objectives of pathways in general and the workshop in particular. However, the volunteers of pathways are from different streams of bachelor degrees (i.e. B.A, BSc and B.com) of Sahyadri Science, Arts and Commerce colleges. This particular composition of students always possesses challenges in conducting programs on a single theme or topic. Therefore we in pathways conduct activities related to various disciplines to accomplish the aspirations of our students.

SAHYADRI SCIENCE COLLEGE

(Constituent College of Kuvempu University)  
SHIMOGA, Karnataka State.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students.

The unit also arranges campus interviews to help job aspirants. The alumni of Pathways are serving in different fields and occupied some coveted positions.

The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which is also equally important in the shaping of the personality of the children. Pathways is doing its best by transforming young minds of the campus in plugging to the future.

The gain is invaluable in terms of exposure, enlightenment and experience....

### **Objectives of the Training and Placement Cell**

1. To train the students to meet global competition.
2. To organise both Professional Skill and Life Skill Development programmes
3. To establish networking with various employment agencies.
4. To undertake socio-economic innovative projects.
5. To undertake consultancy services on no profit no loss basis.
6. The cell shall also generate its own resources for maintenance.
7. To take up such other programmes to bridge the gap between Academic Skills and Professional Skills

### **Activities in Pathways**

- **Regular Activities**-Week days and Saturdays.
- **Vacation Workshop**-10 days workshop during winter and summer vacation.
- **Special Activities**-National Festivals Celebration.  
-Special Workshops.
- **Foundation Course**-For UPSC and other competitive exams.

## PROGRAMMES CONDUCTED

Date: 25.05.2021

Program: Inaugural Function of Club Activity by virtual mode.

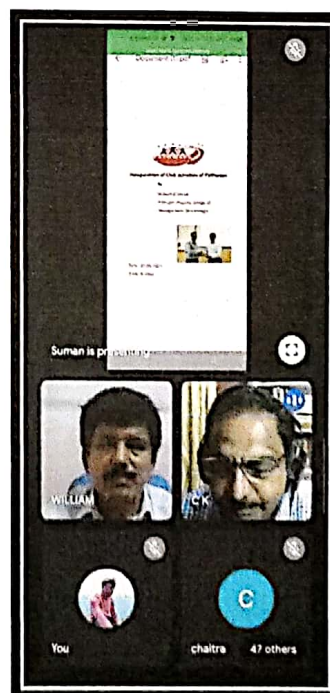

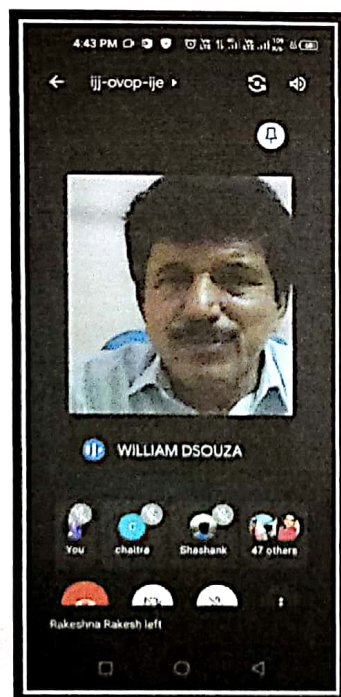

Chief Guest, Prof. William D'Souza, Principal, Hoysala College of Management, Shivamogga, took an inaugural session on "Effective Time Management Skills". Managing valuable time in these lockdown situation can be fruitful to set a ramp for future career opportunities. He quoted that "Time is a God's Gift" and contemplated Time as Money and believed that it is not less than any precious jewel or stone. He emphasized 3 P's i.e., Planning, Priorities and Procrastination. One can achieve his goal by 'Planning' his moves, acting immediately without 'Procrastination' and 'Prioritizing' his tasks. He pointed out the ways of wasting time in daily life through social media and insisted us to be aware of usage of smart phones. He suggested the youth to develop the "art of listening" and to put off unimportant things in the process of career building. He told that time management is as equal as organizing our self to the constraint and to utilize the time productively to enhance the capacity and productivity. He concluded by advising the youths to plan the day and every minute is precious. Lastly he showed his anxiety towards present situation and urged to stay safe at home and wash the hands on regular interval of time.

Dr. H.M Vagdevi, Principal, Sahyadri Science College, Shivamogga,

Dr. Veena.M.K, Principal, Sahyadri Commerce and Management College, Shivamogga,

Dr. C.K. Ramesh, Director, Pathways Training and Placement Cell.

and Alumni of Pathways were present and made the Inaugural function successful.

**Program: A virtual session on 'Covid-19 Vaccine'.**

The session was engaged by **Dr. Ramesh, C K**, Director, Pathways Training and Placement Cell. He explained about the different strategies of infectious disease management and the importance of vaccines in prevention of life threatening infections. He brought up the types of Recombinant vaccines and their advantages over conventional vaccines which are developed since the era of Edward Jenner. The speaker provided the key facts of vaccination in the world against prominent diseases and prevention of child mortality. After explaining the fundamentals of vaccines, he discussed the negative impact of Covid-19 global pandemic in various spheres of our life and the necessity of Covid-19 Vaccines. At last, he clarified some of the myths created in the minds of people through facts regarding the Covid-19 Vaccines and advised each and everyone to get them self and their family members vaccinated. The session was instructive, informative, enlightening and was successful in creating awareness in volunteers.

**Program: A virtual session on 'Beginner's Guide to Astronomy'.**

The session was facilitated by **Smt. SonaShahani Shukla**, Astrophotographer, Delhi Astronomy. She threw a light on 'Stargazing' and gave some tips for the beginners to recognize the star patterns. She shared the names of some Stargazing apps such as 'SkySafari', 'SkyView', 'Stellarium'. Stargazing through naked eye is burdensome and hence having Astronomy equipment's like binoculars or telescope as a starter pack is requisite. The practitioner exposed students to the kinds of Telescopes namely, Reflector Telescope, Refractor Telescope and Catadioptric Telescope. This helped the volunteers to recognize 'The Great Red Spot' in Jupiter's southern hemisphere and 'Crator Plato' and 'Golden handle' on Moon's surface. She focused on giving students a general overview of modern astronomy and fostering the use of a scientific lexicon. In the end, she clarified the doubts put forth by the students.

**Date: 03.07.2021 to 04.07.2021**

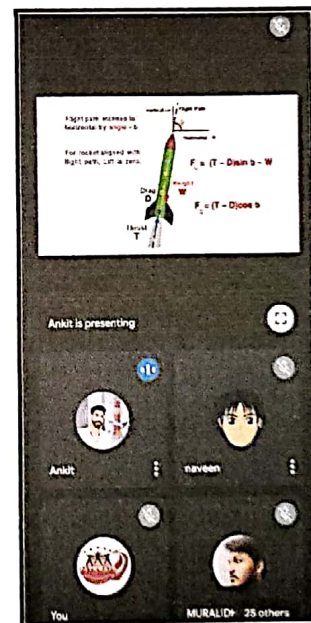

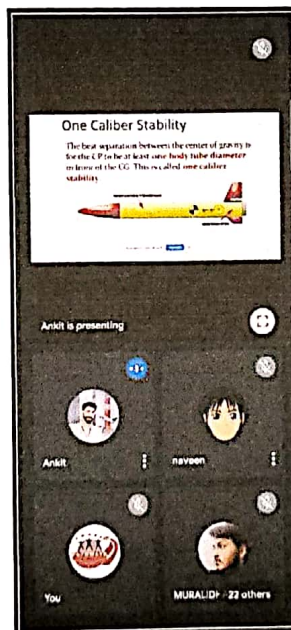

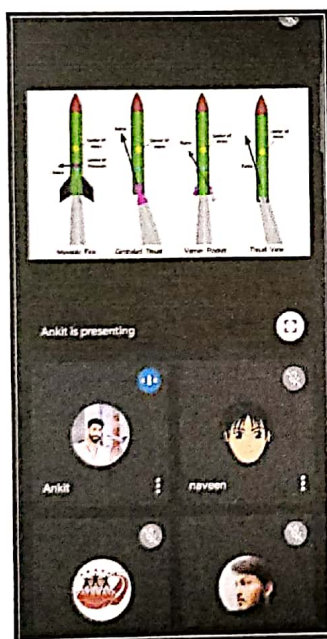

**Program: A virtual session on 'The Science Behind Sounding Rocket'.**

The session was facilitated by **Mr. Ankit Chaudhary**, Head Operating Officer, TeamSpacital. The session was based on "Rocket Design: Parameters & Constraints and Rocket: Aerodynamic and Trajectory" where our speaker addressed the designing constraint of Rocket and types of propellants.

Rocket is a vehicle that launches into the space and the structural designing helps it to gain the thrust to permeate through gravitational pull. He explained that the external design is crucial to overall weight, strength and stiffness of rocket. As the rocket need to be lightweight, strong and stiff in the bending; Carbon fiber reinforcement polymer( CFRP), Aluminium, PVC (polyvinyl chloride) and Fiberglass are used in making.

In Aerodynamic & Trajectory, as the term indicates, was mainly about launch, flight and descend of the rocket. He stressed about the three parameters to be kept in note: 1) The Object, 2) The Motion 3) The Air for a successful rocket launch. He said that shape of an object has a very great effect on the amount of drag and the drag increases with increased area. He summarized the topic with the relationship between 'moving fluid' (air) and 'center of pressure' and center of mass, force acting on rocket with respect to thrust and movable fins which helps in successful take-off of a rocket.

.Overall the session was informative and enlightening.

**Program: A virtual session on 'Tips for Civil Service Exams'.**

The session was engaged by **Mr. Harsha T D**, Ex-Joint Director for Academics Universal School of Law and Administration, Bangalore.

The resource person began the session by stating that today the students have lot of openings for prospective career in government sector, corporate sector, in leading public sector banks and even in the UPSC (Union Public Services Commission) and SSC (State Services Commission) where they can make a niche for themselves.

The speaker threw light on the Union Public Service Commission (UPSC) and stressed on the intricacies of it, such as the qualifications, number of attempts, reservations, cut-off marks and the total number of services which comes under it. The resource person also briefly touched upon the Karnataka Public Service Commission exams and updated the volunteers about the various topics and areas they should consider while preparing for this competitive exams.

Overall, the session was highly informative and educative to the aspiring and ever-enthusiastic students. The session was followed by an interactive session with the speaker. The highly motivated students raised a variety of questions to the speaker to which he answered with unwavering enthusiasm.

**Program: A lecture on 'Indian Culture in Foreign Countries'.**

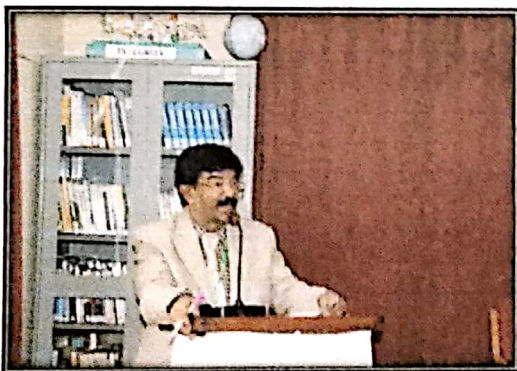

The session was facilitated by **Dr. MatturNandakumara**, Executive Director, BarthiyaVidyaBhavan, London, UK.

The resource person shared his words about how Indian culture stands in UK and about his life journey in UK. He told how much knowledge is important in anyone's life. No thief can steal and no government can put tax on and no brother or sister can claim on wealth of wisdom and knowledge. The more you spread it the more you have.

He also enlightened us about What is Culture? And how should a teacher teach the culture to students. He mentions that culture cannot be taught in classrooms by giving lessons, it is the continuous process through which the students build it by following their elders. And then Pathways volunteers raised questions and it was answered by MatturNandakumara which made the session interactive.

In the presidential address **Prof. B. P. Veerabhadrappe** addressed about the Indian culture and said that 'Respecting every religion and culture in our culture'.

The program was successful with the presence of Principals of Sahyadri colleges and Pathways volunteers.

**Date: 04.09.2021 to 05.09.2021**

**Program: A Workshop on 'Psychometric Analysis'.**

On 04/09/2021, the first day of Mini Workshop on 'Psychometric Analysis' was facilitated by **Prof. Divakar Rao**, Vice-chairman, Bhartiya Vidhya Bhavan, Shivamogga. Prof. C K Ramesh, Director, Pathways Training and Placement Cell welcomed the dignitaries present on this occasion.

The program was inaugurated by **Prof. C M Thyagaraja**, Registrar (Evaluation), Kuvempu University, Shankaraghatta. Our chief guest was **Sri H B Rameshababu**, Syndicate member, Kuvempu University, Shankaraghatta. And other dignitaries **Prof A S Chandrashekar**, Rtd. Principal, Sahyadri Science College, Shivamogga, Prof. M K Veena, Principal, Sahyadri Commerce and Management College, Shivamogga. And Prof. H M Vagdevi, Principal, Sahyadri Science College, Shivamogga. Were also present. All of them motivated the students by their words.

The Facilitator divided the topics into four modules, in which he discussed two modules first day. The first module was on Enhancing Personal Effectiveness. The questionnaire consisted the questions on Aggressiveness, Submissiveness and Assertiveness. The second module was on Personality test and Job Satisfaction where volunteers got to know the job fields which suits them more.

On 05/09/2021, the second and final day of mini workshop on "Psychometric analysis" was facilitated by Prof. Divakar Rao.

Other two modules were discussed on this day. Another two modules were on 'Relational and Emotional quotients' which are the main parts of self-effectiveness which enhances our self-analysis and self-confidence. He used 'Personal Effectiveness Scale' and 'The Johari window' to analyze these two quotients.

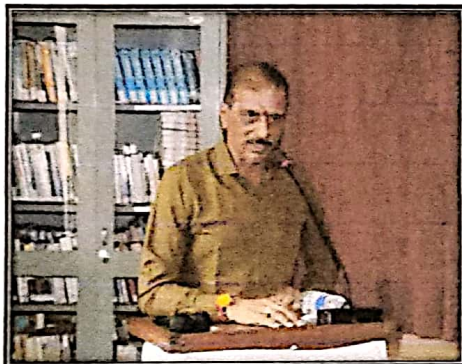

The Valedictory program of two days miniworkshop was held on 05/09/2021.

The session started by the feedback from pathways volunteers about two days mini workshop who are the benefiter of this wonderful opportunity. Our chief guest **Dr. Nagaraj Parisara**, Program Coordinator, National Service Scheme, Kuvempu University, Shankaraghatta. Spoke a few words and discussed about conducting psychometric analysis for the staffs of Sahyadri College, which is a welcome change and can increase the productivity and manage the student - teachers' relationship in a healthy manner. Our resource person Prof. Divakar Rao spoke some words which enlightened and encouraged the students. In the presidential address Prof. Ramesh C K, Director, Pathways Training and Placement Cell, addresses us with positive words regarding the success of mini workshop. Then our beloved alumnus, Mr. Naveen Kumar, Food Safety Officer, Belur was also present. At the end, Pathways volunteers celebrated 'Teachers' Day' with all the dignitaries who are teachers themselves, who've played a major role in shaping the students' life.

**Program: A session on 'Media, Youth and Importance of Skills'.**

The session was engaged by **Sri.Ramachandra V Gunari**, Special correspondent, The New Indian Express, Shivamogga.

The resource person got the session started by explaining the term 'social entrepreneur'. He believes in this digital world everyone is hell-bent on forwarding the information even before they understand the context. He gave certain examples of exemplary people who used social media as a means of knowledge and also as a platform that enables them to show their talents.

But every good thing comes with a flaw or two. Similarly social media has made its users lose their writing skills. The facilitator made the volunteers realize that in the excitement of using mass media we often write the information in short form which is affecting on our writing capabilities.

Totally the session gave us an insight about the influence of social media on youth and also how it affects skill development.

**Program: A session on 'Mental Health and Development'.**

The Saturday session was facilitated by Dr. H M Nagarjun, Assistant Professor, Kannada and NSS Coordinator, Sahyadri Science College, Shivamogga And Mr. Raghu Nayak, youth Promoter, "Yuvaspandana", Shivamogga.

The NIMHANS trained facilitators conducted activities on life skills and personality development. Through simple activities they enlightened us about minute things of life through which one can develop themselves and even bring the people around them to the right path.

They gave newspaper for group of students and instructed them to show their creativity in that piece of paper. Through that they passed the message that one should be contented with what they have. Facilitators asked the volunteers to fill their feelings in the balloon by blowing it. Later they informed them to pop each other's balloons. This activity helped the students realize not to keep the feelings inside, expressing feelings among your loved ones make you feel relieved and can avoid stress.

**Program: 'Workshop on 'Speech Craft'.**

Pathways Training and Placement Cell organised a workshop on 'Speech Craft' was facilitated by **Prof. William D'Souza**, JCI International Trainer and Principal, Hoysala College of Management, Shivamogga.

Inauguration function was ignited with lighting the lamp by the Chief Guests, **Shri Dharma Prasad**, Syndicate member, Kuvempu University, Shankaraghatta and **Prof. Riaz Mahmood**, Syndicate member, Dean Science and Technology, Kuvempu University, Shankaraghatta, and with the dignified presence of Resource person and Principal of Sahyadri Commerce and management College, Prof. M K Veena and Prof. H M Vagdevi, Principal of Sahyadri Science College; Chief Functionary of Pathways.

The Chief guest Shri Dharma Prasad was felicitated for his achievements as a syndicate member. He inspiringly addressed the volunteers by narrating his real life incidents and knowledge about the communicating skills. Another Chief guest Prof. Riaz Mahmood mentioned the importance of emotional quotient and intelligence quotient in his speech. He encouraged the students towards becoming effective speakers.

Prof William D'Souza and Prof. M K Veena were present and enthralled the students by their valuable words. Prof. H M Vagdevi gave a presidential address.

The second session by Prof. William D'Souza on what to speak and how to speak was effectively conducted. A pick and speak activity was made to take out stage fear which is one of the major drawback faced by many people today. The afternoon session was on selection of topic, steps to overcome stage fear, the ways of preparing for a speech and types of speech. It was a fruitful session.

The Valedictory ceremony of workshop on 'Speech Craft' was invoked in the afternoon. The Chief Guest Prof. William D'Souza, JCI Internal Trainer, encouraged the students with his motivating words. He advised that "words are mightier than sword" and right implementation of words when put into sentence can make difference. He accepted that "Histories are made to be broken" and motivated the students to create the opportunities on their will.

**Prof. Kundan Basavaraj**, PG Coordinator, Sahyadri Commerce and Management College, gave the Presidential address. He relived and recalled the Legacy of Sahyadri College and contributions of Pathways to the academical achievement. He instructed the students to have "clarity of thought and purity of heart" and to master LSRW technique i.e., Listening, Speaking, Reading, Writing to excell in the academical and the corporate sector.

Then the prizes were distributed for the winners of "Speaking Skill Competition" conducted by the facilitator. Mr. Ravi Poojar secured the First place and Ms. Vaishnavi D Acharya and Mr. Anil Kumar secured the first and second runner ups respectively.

Overall the one day workshop was successfully flourished under the guidance of Prof. C K Ramesh, Director, Pathways Training and Placement Cell.

**Program: Competition for Kannada Rajyotsava**

"To learners, knowledge is like nectar, to thinkers, it's like light, to the blind, it's a lamp, and Oh! Kannada, you are the mother tongue..."

On 22/November/2022, Pathways Training and Placement Cell organized competition as part of the Kannada Rajyotsava celebration.

Quiz competition was conducted with questions based on Kannada state, language, history, and literature. And an Essay competition about the famous Kannada writers who inspired you and why. The questions were purely based on literature, history and grammar of kannada. Essay gave a free hand for the students to express their view about their favourite author. Students enthusiastically participated in competitions.

**Program: Kannada Rajyotsava Celebration.**

"Let there be a thousand languages on the tongue, but let Kannada rule the heart forever. Our Kannada."

On the occasion of Kannada Rajyotsava, The program commenced with the state anthem. Mr. Manjunath D, District President of the Kannada Sahitya Parishat, Shivamogga, graced the occasion as the chief guest. He spoke about educational reforms, the history of the Kannada language, and its role in fostering national unity, emphasizing the importance of literature. He was honored by the Pathways for his contributions.

Another esteemed guest, Mr. Umesh H, Deputy Director of the Kannada and Culture Department, Shivamogga. Spoke about preserving the Kannada language and the duty to use more Kannada in official matters. Adding grace to the celebration, chief guests awarded prizes for first, second, and third winners of competitions. During the event, Professor Dhananjay K. B, Principal, Sahyadri Arts College, and Professor M. K. Veena, the principal of Sahyadri Commerce and Management College, also shared some inspiring words in the Kannada language and its importance by emphasizing the beauty of expressing emotions in Kannada, which adds life and depth to the language.

The President of the event, Professor N. Rajeshwari, Sahyadri Science College. She conveyed her experiences and thoughts to the Volunteers by highlighting the profound beauty and essence of the Kannada language.

**Submitted By**  
**DIRECTOR**  
**Pathways Training and Placement Cell**

## About Pathways.....

The main goal of Pathways is to provide a global outlook with regional focus, commitment to equality and social justice, and to develop the holistic view to students from the marginalized sections of society. The financial support from Ford stopped in the year 2009. But realizing benefits of programme, Kuvempu University took decisions to continue the activity with its own budgetary provision. In order to provide life skills and empower the students to become self-dependent role models of the country.

Selection of students to the Pathways is done on basis of class 12<sup>th</sup> marks and performance in entrance test conducted at the first year of the degree level. Forty five students are selected every year from arts, commerce, and science streams and trained continuously for 3 year till they complete their degrees. The training goes alongside the regular course. This includes Afternoon daily club activities, Saturdays Expert's session, Ten days winter and summer workshops, IAS/KAS and Competitive Exams Workshop, Field Visits, Mini-workshops, Celebration of National Days,.. etc.

The primary aim to understand the interconnections exist between professionalism and knowledge systems. In order to achieve these objectives, various theme-based talks by experts, academics and professional experts and students' projects and programs are conducted during the workshops. Moreover, the core focus of this workshops are intended to trigger multiple aptitudes among students towards multidisciplinary approaches. Further, student assignments, field visits and community outreach activities, documentary making are conducted during these workshops to instil a sense of social commitment and social responsibility in them.

Each student is provided an opportunity to demonstrate her/his talent in numerous ways at one hand. On the other hand, student participants are expected to inculcate qualities like; focus, leadership, and action to implement the objectives of pathways in general and the workshop in particular. However, the volunteers of pathways are from different streams of bachelor degrees (i.e. B.A, BSc and B.com) of Sahyadri Science, Arts and Commerce colleges. This particular composition of students always possesses challenges in conducting programs on a single theme or topic. Therefore we in pathways

conduct activities related to various disciplines to accomplish the aspirations of our students.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students.

The unit also arranges campus interviews to help job aspirants. The alumni of Pathways are serving in different fields and occupied some coveted positions.

The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which is also equally important in the shaping of the personality of the children. Pathways is doing its best by transforming young minds of the campus in plugging to the future.

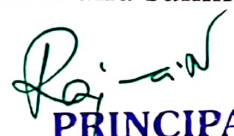

The gain is invaluable in terms of exposure, enlightenment and experience....

### **Objectives of the Training and Placement Cell**

1. To train the students to meet global competition.
2. To organise both Professional Skill and Life Skill Development programmes
3. To establish networking with various employment agencies.
4. To undertake socio-economic innovative projects.
5. To undertake consultancy services on no profit no loss basis.
6. The cell shall also generate its own resources for maintenance.
7. To take up such other programmes to bridge the gap between Academic Skills and Professional Skills

### **Activities in Pathways**

- **Regular Activities**-Week days and Saturdays.
- **Vacation Workshop**-10 days' workshop during winter and summer Vacation.
- **Special Activities**-National Festivals Celebration.

## PROGRAMS CONDUCTED

**Date: 07.01.2023**

**Program: Session on "Travel - A Journey towards Awareness".**

A Saturday session was conducted on "Travel - A Journey towards awareness" was engaged by **Dr. Gayatri Devi Sajjan**, English Professor and Former Principal, Sahyadri Science College, Shivamogga. Dr. Gayatri Devi Sajjan being a traveller and a yoga expert, acquainted about the inward journey and outward journey. She suggested the volunteers to be a travel enthusiast and look at the beauty of nature and relish it instead of attaching to phone. The Expert created awareness of travel by sharing her own experiences of her journey. She explained how to enjoy the place, nature, and how to explore the new things and she also shared some of the historical importance of major places. She concluded her words with saying Journey starts with nothing and ends with something. She enriched the zeal on the journey.

## ANNUAL REPORT 2023-2024

In order to carry a positive action one must develop a positive vision, with one such vision Sahyadri College shared its campus to the new program called The Pathways.

Pathways is the program originally sponsored by Ford foundation of US in the year 2002-2003 as a part of global project. In India, it was initiated through Foundation for Academic Excellence and Access (FAEA).

The main goal of Pathways is to provide a global outlook with regional focus, commitment to equality and social justice, and to develop the holistic view to students from the marginalized sections of society. The financial support from Ford stopped in the year 2009. But realizing benefits of programme Kuvempu University took decisions to continue the activity with its own budgetary provision. In order to provide life skills and empower the students to become self dependent role models of the country.

Dr.B.C.Patil was the **founder** director of Pathways and consequently consecutive appointment of directors got a fresh breathes to the program.

Selection of students to the Pathways is done on basis of class 12<sup>th</sup> marks and performance in entrance test conducted at the first year of the degree level. Fourty five students are selected every year from arts, commerce, and science streams and trained continuously for 3 year till they complete their degrees. The training goes along side the regular course. This includes Afternoon daily club activities, Saturdays Expert's session, Ten days winter and summer workshops, IAS/KAS and Competitive Exams Workshop, Field Visits, Mini-workshops, Celebration of National Days,.. Etc.

  
**PRINCIPAL**

SAHYADRI SCIENCE COLLEGE  
(Constituent College of Kuvempu University)  
SHIMOGA, Karnataka State.

The primary aim to understand the interconnections exist between professionalism and knowledge systems. In order to achieve these objectives, various theme-based talks by experts, academics and professional experts and students' projects and programs are conducted during the workshops. Moreover, the core focus of this workshops are intended to trigger multiple aptitudes among students towards multidisciplinary approaches.

Each student is provided an opportunity to demonstrate her/his talent in numerous ways at one hand. On the other hand, student participants are expected to inculcate qualities like; focus, leadership, and action to implement the objectives of pathways in general and the workshop in particular. However, the volunteers of pathways are from different streams of bachelor degrees (i.e. B.A, BSc and B.com) of Sahyadri Science, Arts and Commerce colleges. This particular composition of students always possess challenges in conducting programs on a single theme or topic. Therefore we in pathways conduct activities related to various disciplines to accomplish the aspirations of our students.

Pathways handpicks the resource persons from different walks of life like academics, Science and technology, spiritualism, art and culture etc. They share their vision and experience with the young students. The present academic calendar in the higher educational institutions hardly provides time for non-academic learning, which is also equally important in the shaping of the personality of the children. Pathways is doing its best to fill this void by utilizing the winter and summer vacations for workshops. The gain is invaluable in terms of exposure, enlightenment and experience.

## Orientation Program

Date: 02.11.2023

To 06.11.

2023

“Success is a journey but not a destination”, it is found along the way not at the end of the way.” The orientation program at Pathways was a transformative experience for first-year students, emphasizing that success is a journey rather than a destination. Pathways volunteers, through a narrative about Confucius, imparted the importance of knowledge sharing and self-discovery. Activities like looking into a mirror encouraged students to recognize their value. The history of Pathways was detailed, with the emblem's five stars representing moral values. Objectives, facilities, daily activities, and past social research projects were uniquely presented. Introducing achievers and sharing personal transformation stories heightened motivation. The impactful six-day program was evident in the inspired smiles and twinkling eyes of the students, reflecting newfound confidence.

**Program: Session on Sustainable organic Farming.**

"The goal of sustainable agriculture should be to regenerate the soil and the ecosystem, not just to maintain them." On 1st June 2024, Pathways Training and Placement Cell organized a Saturday session on the topic Sustainable Organic Farming For Livelihood facilitated by Dr. N S MAVARKAR DEAN College of Horticulture Mudigere, Chikmagalur. Session commenced with a discussion on the percentage of agricultural land and its impacts on Indian agriculture, including insights on the Green Revolution, conservation efforts and challenges in modern farming. He explained the essential nutrients for crops by dividing them into Macro nutrients (calcium, magnesium, sulfur, beryllium) and Micro nutrients (copper, manganese, zinc). Following that, he elaborated on Sustainable Development in agriculture, particularly focusing on organic farming and natural crop yield methods. Despite a growing population, there's a decreasing agricultural land in India. He emphasized the importance of organic practices for soil fertility. Resource person showcased some successful organic crop examples but cautioned against an immediate full shift to organic farming to avoid reduced productivity. Instead, he recommended integrated farming to maintain productivity and soil health, gradually increasing organic practices.

**Program: Session on Graduation to Greatness.**

"The more that you read, the more things you will know, the more that you learn, the more places you'll go." —Dr. Seuss On 8th May 2024, Pathways Training and Placement Cell organized a Saturday session on the topic Graduation to Greatness facilitated by Sri. Keshava Murthy Chief Mentor Malnad Coaching Academy Bengaluru. Resource person emphasized the importance of early career path decision-making, whether it's pursuing higher studies or preparing for competitive exams. They advised that for those interested in research, higher studies are essential, whereas for those focusing on state and central competitive exams, higher studies may not be necessary. However, they noted that a graduation degree is a prerequisite for all competitive exams, so preparation should begin during undergraduate studies.

Regarding competitive exams, he provided statistics indicating that they typically consist of 50% Humanities (HEGP), 30% Science (PCB) and 20% Current Affairs. , he recommended key publications such as TMH and UQ, among others, to avoid confusion when selecting study materials for competitive exams. The session underscored the critical importance of early career path planning.

**Program: Workshop on Village Accountant Exam.**

On 14th June 2024, Pathways Training and Placement Cell organized first day of workshop on Village Accountant Exam. Inaugural function of the VA exam Workshop began with an invocation led by volunteers from Pathways, one of whom welcomed the gathering. Subsequently, Dr. Sharath Ananthamurthy, Hon'ble Vice Chancellor, Kuvempu University, Shankaragatta, praised the Pathways platform by acknowledging its significance in fostering growth and development. He encouraged students to actively engage with Pathways and posed challenging questions to enhance their learning and critical thinking skills. He elucidated the importance of recognizing students' potential and provided insights into the syllabus and marks distribution for VA exam. He also discussed effective exam strategies, focusing on current affairs categories and methods to study newspapers to enhance knowledge on relevant topics. Furthermore, he recommended magazines such as Yojana, Kurukshetra and others to broaden students understanding of current affairs. His session equipped the students with practical guidance and resources to excel in competitive exams.

The resource person explained the topic by covering various aspects of language skills essential for competitive exams. He focused on idioms, phrasal verbs, one-word substitutions, degrees of sentences and parts of speech. He highlighted their importance for enhancing language proficiency, skills often tested in competitive exams such as the Village Accountant Exam. Additionally, he provided valuable career advice to students for post-graduation by emphasizing the importance of staying updated with current affairs through daily newspaper reading. He stressed that practicing reading newspapers not only enhances general knowledge but also improves comprehension and vocabulary skills which is crucial for success in competitive examinations. He elucidated its history, development, and referenced relevant articles of the Indian Constitution. Additionally, He specifically addressed Constitutional Acts 243, 243A, 243D, and 243I. He also emphasized the importance of the subconscious mind and positive thinking in achieving goals. He recommended Joseph Murphy's book for developing a conscious mind. After the session, a test was held using question papers given by the coaching academy to check how well they understood and remembered the workshop.

**Program: "Field Visit"**

On 11th August 2024, Pathways Training and Placement Cell organised Field Visit to "Kavaledurga, Savehaklu Dam ,Chakra Dam and Nagara Fort". The field visit began by visiting Kavaledurga by means of trucking. All the volunteers reached the peak of Kavaledurga and enjoyed the enchanted morning view. This visit extended inner beauty into the hearts of the volunteers. Before visiting the Chakra dam and Savehaklu dams, a Headmaster of locality govt. school provided us an insight about the history of the sites. The journey then continued to Savehaklu Dam and Chakra Dam, located in Hosanagara Taluk. All volunteers explored the dams thoroughly by looking structure of the dam's embankments and examined every detail. Following to that volunteers also visited Nagara Fort, which was built by Shivappa Nayaka in the offset of sunset which gave a fascinating history about the history and architecture. This place gave comprehensive view on karnataka dynasties. Then a native researcher gave brief history of Nagara Fort. Overall, the field visit was highly informative, offered valuable insights and memorable experiences.

**Program: Session on Interaction.**

Interacting for Impact Collaborate, Innovate, Thrive Make Connections Drive Progress.

On 12th August 2024, Pathways Training and Placement Cell organised a session on the topic Interacting Session facilitated By Dr. Damodhar A T (IFS) Indian Forest Service - 2010 Batch Chief Conservator of Forests (Wildlife) Arunachal Pradesh. He started the session by engaging volunteers and sharing his journey and hard work. Later, he gave a comprehensive insights into the biodiversity of India's Lakshadweep Islands by showcasing aerial pictures. He highlighted the global trade of sea species such as turtles, tuna, sea cucumbers, and avina species, discussing their uses in medicine and food. He gave an overview of the Lakshadweep Islands, including the management system during his tenure. Additionally, he highlighted major initiatives to transform Lakshadweep into a tourist destination, such as recycling, removing hard materials, and eco-friendly projects, along with massive awareness campaigns. He concluded the session by answering questions from the volunteers about preparing for and cracking the UPSC exam.

**Program: Independence Day.**

"India is the cradle of the human race, the birthplace of human speech, the mother of history, the grandmother of legend, and the great-grandmother of tradition". On 15th August 2024, Pathways Training and Placement Cell celebrated the 78th Independence Day with great enthusiasm and pride. Chief guest, Sri Kishor Kumar N D, Accountant Officer, Women and Child Development Management, Sagara, shared his personal journey and experiences in the Army. He emphasized the importance of knowledge and self-correction over merely discussing societal issues by leaving a lasting impact on the volunteers. Dr. Mohana Chandragutti, Director, Pathways Training and Placement Cell, spoke with gratitude about the struggles of freedom fighters. He emphasized that freedom is not just a celebration but also a responsibility for all Indians. His inspiring words motivated the volunteers.
